HE SHOULD TESTIFY BEFORE THE GRAND JURY.

The editor of the Sentinel-Democrat last week said editorially: "Everyone with a grain of sense knows that prizes are frequently offered and played for at progressive euchre parties."

DISCUSSION CLOSED.

By our comments on progressive euchre we had no intention or desire to call forth a controversy with any one. We frankly and plainly expressed our view. Our readers have had an opportunity to read and interpret for themselves. As occasion demands and as prudence dictates we will from time to time pay our respects to social conditions, commending, encouraging, criticizing or condemning as circumstances will justify.

GETTING GOOD—KEEP IT UP.

The editor of the Sentinel-Democrat in his last issue says: "From whatever source it emanates any slur upon woman—lovely woman, 'God's noblest work' will be condemned by the editor of this paper." Now that sounds well, or perhaps he is getting good. Hundreds of people in this county will probably remember that this same editor of the Sentinel-Democrat did not so much as make mention, even as a news item, of that conspicuous episode in our city last year when the telephone exchange was broken into at night while two young ladies were on duty.

How does his silence after that event and the above quotation from his paper compare? Be careful! Pitch yourself another bouquet.

342 WELLS WILKERSON.

Mt. Sterling has a chance for two manufacturing concerns, and the Business Men's Club should have a committee to look after them at once.

For the Ladies.

Our lady readers are requested to notice the advertisement of Kaufman, Straus & Co. and of C. E. Rose, two of Lexington's leading dry goods merchants. When you are in Lexington tell them you saw their ad. in the Advocate—if you did see it.

The Weather.

March has been the most remarkable for many years. The usual storms have been conspicuous for total absence. Hyacinths, tulips, buttercups and fruit trees are in bloom, garden plants are up and the pastures and forests are developing rapidly. Southern tourists can now come home.

Returned to Kentucky.

On June 19, 1904, B. M. McQuinn and family, of Menefee county, left this city for Oklahoma. On Friday last they passed through, returning to Menefee, their former and future home. He bought land in Oklahoma and sold it for enough profit to defray his expenses.

RELIGIOUS.

Revival services at Canfield by Rev. Fitzgerald, of Texas, attract great crowds.

Woman's Christian Temperance Union will meet in Sunday-school room of the Christian Church at 2 p. m. to-day (Wednesday). Please be prompt.

Rev. J. C. McMullen, pastor of the Presbyterian Church at Midway, has been preaching at Sharpsburg for eighteen days, and closed on Sunday evening. Much interest was manifested. Rev. Bell, pastor of the congregation, was with him in our city on Monday.

The services at the Christian Church last week conducted by Rev. G. A. Joplin were both interesting and profitable. Rev. Hobbie, of the Baptist Church, is preaching at the Northern Presbyterian Church this week to good congregations.

An Auxiliary of the C. W. B. M. was organized by the "Mountain Evangelist," E. B. Neal, who has been holding services in the Christian Church at Paintsville since March 9th. The officers are: President, Mrs. Z. T. Young; Treasurer, J. N. Ramsey; Corresponding Secretary, Miss Olga Cooper.

Rev. P. G. Lester, of Virginia, was here last Thursday and preached to his flock, the Old Baptists, at the home of Mrs. E. M. Borbridge. Mr. Lester was returning from Mason county, where he had been to conduct the funeral service of one of his members, Mr. Frank Layman, who died suddenly on Sunday, March 28.

The rally at the Christian Church was very successful, more than enough being raised in cash and pledges to pay the debt, \$512.04. A large crowd was present. When the money and pledges were counted it was found that the sum total of all was \$592.50. The ladies of the congregation made the largest cash offering, \$77.10. G. A. Nickell, E. W. McDiarmid and P. C. Button each gave \$25, the next largest. The largest pledge was by Judge Allie W. Young, \$100. H. Bradley and J. G. Evans pledged \$25 each.—The Morehead Mountaineer.

Fine Blood.

Ray Moss has had printed at this office cards giving description and pedigree of his fine young combined stallion, The Victor. He will be at Mr. Moss' stables on Camargo pike. As an individual he is a beauty, showing intelligence, speed, style and popular breeding. Colts of his breeding bring prices ranging from \$500 to \$1,500. Investigate this fine young horse.

To the County Public School Teachers.

We turn this problem over to our teachers for the reason we are not engaged in the estimating of the solid contents of Tom Thumb just now:

"EDITOR ADVOCATE: Kindly solve this problem in next issue of your valuable paper: "When Gen. Tom Thumb was 5 years old he measured 2 feet in height and weighed 16 pounds; what would be the weight of a man of similar form who was 6 feet tall?"

"A SUBSCRIBER."

Protection.

The retail liquor dealers at Madisonville unanimously petitioned the City Council to pass an ordinance prohibiting any boy from entering their places of business unless accompanied by his father or guardian. The Council very promptly passed the ordinance and make it a fine from one to ten dollars.

HARRY CROMWELL

Rich red sorrel, with bald face; 16 hands; weight 1200 lbs.; abundant bone; lots knee and hock action, with the most perfect withers and the best of legs and feet.

By HARRISON CHIEF 1806

1st dam . . by Joe Downing (710)
2nd dam . . by Indian Chief 1715
3rd dam . . by Vimont's American, by Imp. Yorkshire (thor.)

HARRY CROMWELL carries the blood of both Harrison Chief and Indian Chief, strengthened by a double cross of that brilliant Joe Downing. Harrison Chief's fineness was unquestionably inherited from his dam Lute Boyd, by Joe Downing, said by critics to have been the finest mare of her day. We believe Harry Cromwell to be the only inbred Joe Downing, backed by Indian Chief and Harrison Chief, in existence, and is the best bred son of Harrison Chief. He is entitled through his prepotent lineage to beget beauty, animation, action and speed.

Red Indian.

Four years old, bright red sorrel, 15 1/2 hands; heavy mane, and a beautiful tail which he carries to perfection; long ears, extra good legs and feet; a hackney in action and full of speed.

By RED CLOUD 2197.

1st dam by Harry Cromwell, by Harrison Chief 1606; 2nd dam by Simms' Edwin Forrest, by Edwin Forrest 1901; 3rd dam by Belair (thor.); 4th dam by Joe Downing (710), by Edwin Forrest 1901.

The Red Clouds are unquestionably the family of the longest necks and ears in existence. Red Cloud is the sire of the Richard Croker gelding (the highest priced gelding that ever left Kentucky) and the dam of the undefeated \$10,000 glorious Red Cloud. Red Cloud's daughters are among the most coveted broodmares in our State. His progeny have gone into the hands of our wealthiest horsemen, solely on their merit. Red Indian intensifies the blood of Indian Chief through his brilliant sire Red Cloud, and of Joe Downing through his fourth dam. Red Indian's individuality is not an accident of birth. He inherits his beauty and grace of form, action and speed from a noted ancestry.
